

Immersion MicroScribe G2 Upgrade Now Available

SAN JOSE, Calif., Sep 18, 2002 -- Immersion Corporation, (Nasdaq:IMMR), a leading developer of 3D and force-feedback products and technologies, today announced that MicroScribe(TM) 3D owners have the option of upgrading their units to new MicroScribe G2 electronics. Upgrades will provide faster data speeds and USB functionality, which eliminate the need for an external power supply. After the electronics are replaced, the units will be recalibrated.

Upgrade Pricing

The price for upgrading a MicroScribe 3D is \$495. This price includes shipping from Immersion for U.S. customers only. Upgrades may be purchased from Immersion authorized resellers or directly from Immersion.

About MicroScribe G2

The MicroScribe G2 allows design engineers, game developers, animators and industrial designers to physically capture the properties of 3D objects and translate them into digital 3D models, which can be virtually manipulated in a matter of minutes. The new MicroScribe G2 is compatible with all existing MicroScribe software.

About Immersion (www.immersion.com)

Founded in 1993, Immersion Corp. is a recognized leader in developing, licensing and marketing haptic technology and products. Bringing value to markets where user/ product interaction needs to be made more compelling, safer or productive, Immersion helps its partners develop and increase competitive advantage and broaden market reach by making the use of touch sense feedback as critical a user experience as sight and sound. Immersion's technology is deployed across personal computing, entertainment, medical training, automotive and three-dimensional simulation markets. Immersion and its wholly owned subsidiaries hold over 170 issued patents worldwide.

This media alert contains forward-looking statements, including in particular statements about future development plans and efforts. Forward-looking statements made in this press release are based on current information, which we have assessed but which by its nature is dynamic and subject to rapid and even abrupt changes. Immersion does not undertake any obligation to update or revise publicly any forward-looking statement, whether as a result of new information, future events or otherwise. Forward-looking statements include statements regarding the development and performance of touch-enabled technology. Immersion's actual results might differ materially from those stated or implied by such forward-looking statements due to risks and uncertainties associated with Immersion's business which include, but are not limited to, delay in or failure to achieve commercial demand for Immersion's touch-enabled technology products.

Risks and uncertainties related to Immersion's business in addition to those described above are further outlined in Immersion's Annual Report on Form 10-K and its Quarterly Reports on Form 10-Q. These reports are filed with the Securities and Exchange Commission. These factors may not constitute all factors that could cause actual results to differ materially from those discussed in any forward-looking statement. Immersion is not obligated to revise or update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release.
